

Setting Up Application Environment

Create IBM Cloud Account

The screenshot displays the IBM Cloud Dashboard interface. At the top, a dark header bar contains the 'IBM Cloud' logo, a search bar with the placeholder 'Search resources and products...', and navigation links for 'Catalog', 'Manage', and the user account 'Mohammed Kaif's Acco...'. On the left, a vertical sidebar lists various service categories. The main content area is titled 'Dashboard' and includes links to 'Edit dashboard', 'Upgrade account', and a prominent blue 'Create resource' button. Below this, a 'For you' section features a grid of six cards: 'Build' (highlighted in blue), 'Build a web app with Watson Speech to Text', 'Get Started with Watson Studio', 'IBM Watson Internet of Things Platform', 'Build a Virtual Private Cloud (VPC)', and 'Incorporate DevOps your process'. Each card provides a brief description and a 'Getting started' button with a time estimate. The bottom row contains four panels: 'News' with a list of updates, 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' which includes a world map and a chat icon.
